Perth

Dear Sirs,

Sometime during Sept 1948 I made a claim to become a naturalized British subject. I had also deposited (£5) Five pounds.

I then was given a test on speaking English. However I was unable to answer a few of the questions correctly since then you have refused to go any further.

Mr Wyszka who came from Bunbury to give me <sup>my</sup> test, did not consider that I was of an old age, and was impossible to speak English perfectly, like a younger person could.

Please I beg you to give further consideration to this matter, and let me know in what position I stand. If however you are unable to do this please return me the (£5) Five pounds.

Thanking you for an early reply.

Yours faithfully  
Mr. Angelo Tria.
